

## Appendix 1: Program Topic

Select your program topic from the RSS Topics list below; topics have been updated and must be included with the email submission of your slides.

340B Drug Pricing Program	Attention Deficit Hyperactivity Disorder (ADHD)	Diversity	Immunosuppressive Agents	Nutrition	Selective Sinus Node Channel Inhibitors
Abortifacients	Audits	Documentation	Immunotherapy	Nutritional Supplements	Self-Monitoring Devices
Accountable Care Organization	Automation	Dopamine Agonists	Importation	Obesity	Sepsis
Accreditation	Benign Prostatic Hypertrophy (BPH)	Drug Diversion	Impotence Agents	Obstetrics	Sexual dysfunction
Acne	Beta-2-Agonists	Drug Dosing	Incretin Mimetics	Oncology	Sexually Transmitted Diseases
Acne Products	Beta-Adrenergic Blocking Agents	Drug Enforcement Administration	Infectious Disease	Opiates	Shock
Acute Pancreatitis	Beta-Blockers	Drug Information	Infertility	Opioid Antagonists	Sickle Cell Disease
Addiction	Beta-Lactamase Inhibitors	Drug Interactions	Inflammatory Bowel Disease	Opioids	Sinusitis
Adherence	Billing	Drug Manufacturing	Influenza	Ophthalmology	Skeletal Muscle Relaxants
Administration	Bioequivalence	Drug Overdose	Informatics	Ophthalmics	Skin Disorders
Adverse Drug Reactions	Biosimilars	Drug Shortage	Infusion Therapy	Oral Contraceptives	Sleep Apnea
Affordable Care Act	Biotechnology	Drug Use Evaluation (DUE)	Inhalants	Order Entry	Smallpox
Aging	Bipolar Disorder	Drug-Induced Movement Disorders	Inotropes	Orthopedics	Smoking Cessation
Agitation	Bisphosphonates	Dyslipidemia	Insomnia	Osteoarthritis	Spanish Language
AIDS	Bleeding Disorders	E-prescribing	Insulin	Osteoporosis	Specialty Pharmacy
Alcoholism	Brain Injury	Ebola	Insulin Delivery Systems	Ostomy	Spinal Cord Injury
Aldosterone Receptor	Bronchodilators	Eczema	Insurance	Outcomes	Sports Medicine
Allergies	Burns and Scalds	Education	Inter-professional	Over-the-Counter (OTC) Products	Statins (HMG-COA) Reductase Inhibitors
Alpha Adrenergic Agonists	Calcium Channel Blocking Agents	Electrolyte Abnormalities or Electrolyte Mngmt	Inter-professional Collaborative Practice	Over-the-Counter Treatment	Statistics
Alpha-1 Receptor Agonist	Calculations	Embolism	Inter-professional Education	Pain	Sterile Compounding
Alpha-Glucosidase Inhibitors	Cancer	Emergency Medicine	Interferons	Pain Management	Stevens-Johnson Syndrome
Alpha/Beta-Adrenergic Blocking Agents	Carbapenems	Emergency Preparedness	Interventions	Parkinson's Disease	Stimulants
Alzheimer's Disease	Cardiology	End of Life	Inventory Control	PCSK9 inhibitors	Stool Softeners

Ambulatory Care	Cardiopulmonary Resuscitation (CPR)	Endocrinology	Investigational agents	Pediatrics	Stroke
Aminoglycosides	Cardiovascular Disease	Environmental Aspects	Iron Replacement Therapy	Pelvic Inflammatory Disease (PID)	Substance Abuse
Amphetamines	Cephalosporins and Related Products	Enzyme Replacement Therapy (ERT)	Iron Therapy	Penicillins	Sudden Infant Death Syndrome (SIDS)
Amylinomimetics	Cerebrovascular Disease	Epilepsy	Irritable Bowel Syndrome	Peripheral Arterial Disease (PAD)	Sulfonamides
Amyotrophic Lateral Sclerosis (ALS)	Certification	Erectile Dysfunction	JCAHO	Pharmaceutical Care	Sunburn
Analgesics	Chemotherapy	Estrogen Receptor Antagonists	Laboratory	Pharmacodynamics	Surgery
Androgens	Cholesterol Lowering Agents	Estrogens	Law	Pharmacoeconomics	Systemic Lupus Erythematosus (SLE)
Anemia	Cholinergic Agents	Ethics	Laxatives	Pharmacogenomics	Teaching
Anesthesia	Cholinesterase Inhibitors	Evidence-based Medicine	Leadership	Pharmacokinetics	Tech-Check-Tech (TCT)
Anesthetic Agents	Chronic Kidney Disease (CKD)	Fever	Leukotriene Receptor Antagonists	Pharmacology	Technology
Angina	Chronic Obstructive Pulmonary Disease (COPD)	Fibrinolytics	Long-Term Care	Pharmacy Calculations	Telemedicine
Angiotensin Converting Enzyme (ACE) Inhibitor	Cirrhosis	Fluoroquinolones	Low Molecular Weight Heparins (LMWH)	Phosphodiesterase Inhibitor	Telepharmacy
Angiotensin II Receptor Blockers (ARBs)	Clinical Decision Support	Food and Drug Administration (FDA)	Macrolides	Physical Assessment	Terrorism
Anorexia	Clinical Trials	Free Radical Scavengers	Managed Care	Platelet disorders	Testosterone
Anorexiant	Clotting Factors	Gastroenterology	Management	Pneumonia	Tetracyclines
Antacids	Collaborative Drug Therapy Management (CDTM)	Gastroesophageal Reflux Disorder (GERD)	MAO Inhibitors	Polypharmacy	Third Party Payers
Antiarrhythmic Agents	Colony Stimulating Factors	Geriatrics	Marijuana	Precepting	Thrombolytic Agents
Antiarthritic Agents	Common Cold	Glaucoma	Marketing	Pregnancy	Thrombosis
Antiasthmatic Agents	Communication	Glucagon-Like Peptide-1 (GLP-1) Receptor Agonists	Medicaid	Premenstrual Syndrome (PMS)	Thyroid Disease
Antibacterial Agents	Community-Acquired Pneumonia (CAP)	Glucose Monitoring Devices	Medical Errors	Prescribing	Tissue Plasminogen Activator (tPA)
Antibiotics	Compliance	Glycoprotein IIb/IIIa Blockers	Medical Home	Preventative Medicine	Topical Agents
Anticholinergic Agents	Compounding	Gonadotropin-Releasing Hormone Agents	Medical Marijuana	Probiotics	Toxicology

Anticoagulant Agents	Congestive Heart Failure (CHF)	Gout	Medical Record	Progestins	Transient Ischemic Attack (TIA)
Anticoagulation	Constipation	Growth Hormone Receptor Antagonists	Medicare	Protease Inhibitors	Transition of care
Anticonvulsant Agents	Continuing Professional Development (CPD)	Gynecology	Medication Delivery System	Proton Pump Inhibitors	Transplantation
Antidepressant Agents	Contraception	H2-Receptor Antagonists	Medication Disposal	Psoriasis	Trauma
Antidiabetic Agents	Controlled Substances	Hazardous Drugs	Medication Errors	Psychiatry	Travel Health
Antidiarrheal Agents	Coronary Artery Disease (CAD)	Headache	Medication Reconciliation	Psychology	Tuberculosis
Antidotes	Coronary Heart Disease (CHD)	Health Literacy	Medication Safety	Psychotherapy	Ulcerative Colitis
Antiemetic Agents	Corticosteroids	Healthcare Reform	Medication Therapy Management	Public Health	Ulcers
Antiepileptic Drugs (AEDs)	Cough	Heart Failure	Men's Health	Pulmonary Disease	Unfractionated Heparins
Antifibrinolytic Agents	Counseling	Heartburn	Meningitis	Pulmonary Embolism	Uremia
Antifungal Agents	COX-2 Inhibitors	Hematology	Menopause	Pulmonary Hypertension	Uricosuric Agents
Antihistamines	Critical Care	Hemorrhoids	Mental Health	Quality Assurance	Uricosuric Agents
Antihyperlipidemic Agents	Crohn's Disease	Hemostatic Agents	Metabolic Disorders	Quality Improvement	Urinary Incontinence
Antihypertensive Agents	Cultural Competency	Hepatitis	Metrics	Quinolones	Urology
Antimalarial Agents	Cultural Diversity	Hepatology	Migraine	Radiology	USP Chapter 795
Antibacterial Agents	Community-Acquired Pneumonia (CAP)	Glucose Monitoring Devices	Medical Errors	Prescribing	Tissue Plasminogen Activator (tPA)
Antibiotics	Compliance	Glycoprotein IIb/IIIa Blockers	Medical Home	Preventative Medicine	Topical Agents
Anticholinergic Agents	Compounding	Gonadotropin-Releasing Hormone Agents	Medical Marijuana	Probiotics	Toxicology
Anticoagulant Agents	Congestive Heart Failure (CHF)	Gout	Medical Record	Progestins	Transient Ischemic Attack (TIA)
Anticoagulation	Constipation	Growth Hormone Receptor Antagonists	Medicare	Protease Inhibitors	Transition of care
Anticonvulsant Agents	Continuing Professional Development (CPD)	Gynecology	Medication Delivery System	Proton Pump Inhibitors	Transplantation
Antidepressant Agents	Contraception	H2-Receptor Antagonists	Medication Disposal	Psoriasis	Trauma
Antidiabetic Agents	Controlled Substances	Hazardous Drugs	Medication Errors	Psychiatry	Travel Health
Antidiarrheal Agents	Coronary Artery Disease (CAD)	Headache	Medication Reconciliation	Psychology	Tuberculosis
Antidotes	Coronary Heart Disease (CHD)	Health Literacy	Medication Safety	Psychotherapy	Ulcerative Colitis

Antiemetic Agents	Corticosteroids	Healthcare Reform	Medication Therapy Management	Public Health	Ulcers
Antiepileptic Drugs (AEDs)	Cough	Heart Failure	Men's Health	Pulmonary Disease	Unfractionated Heparins
Antifibrinolytic Agents	Counseling	Heartburn	Meningitis	Pulmonary Embolism	Uremia
Antifungal Agents	COX-2 Inhibitors	Hematology	Menopause	Pulmonary Hypertension	Uricolytic Agents
Antihistamines	Critical Care	Hemorrhoids	Mental Health	Quality Assurance	Uricosuric Agents
Antihyperlipidemic Agents	Crohn's Disease	Hemostatic Agents	Metabolic Disorders	Quality Improvement	Urinary Incontinence
Antihypertensive Agents	Cultural Competency	Hepatitis	Metrics	Quinolones	Urology
Antimalarial Agents	Cultural Diversity	Hepatology	Migraine	Radiology	USP Chapter 795
Antimicrobial Agents	Cystic Fibrosis	Herbal Medications	Monitoring	Radiopharmaceuticals	USP Chapter 797
Antimicrobial Stewardship	Cytokines	Herbal Medicine	Monoclonal Antibody	Regulation	USP Chapter 800
Antineoplastic Agents	DDP-IV Inhibitors	Herbal Supplements	Multiple Sclerosis	Reimbursement	Vaccines
Antiobesity Agents	Decongestants	Herpes	Myocardial Infarction	REMS	Varicella Zoster Virus
Antiparasitic Agents	Deep Vein Thrombosis (DVT)	HIPAA	Narcotics	Renal Disease	Vasodilators
Antiplatelet Agents	Delirium	Histamine Antagonists	Nasal Decongestants	Research	Vasopressors
Antipsychotic Agents	Delivery Systems & Devices	Home Healthcare	National Guidelines	Residency	Ventilation
Antipyretic Agents	Dementia	Home Infusion Therapy	Nausea	Resistance	Vesicular Monoamine Transporter 2 (VMAT2) Inhibitor
Antiretroviral Agents	Dental	Hormones	Neonatology	Restless Leg Syndrome	Veterinary Medicine
Antispasmodic Agents	Depression	Human Immunodeficiency Virus (HIV)	Nephrology	Restricted Drug Distribution	Veterinary Pharmacy
Antithrombotic Therapy	Dermatitis	Hypercholesterolemia	Neurologics	Reversal Agents	Viral Infections
Antiviral Agents	Dermatology	Hyperglycemia	Neurology	Rheumatoid Arthritis	Vitamins
Anxiety	Devices	Hyperlipidemia	Neutropenia	Rhinitis	Weight Management
Appetite Suppressants	Diabetes (DM)	Hypertension	New Drugs	Safety	Withdrawal
Arrhythmias	Diagnostics	Hyperuricemia	Nicotine Replacement	Salicylates	Women's Health
Arthritis	Dialysis	Hypoglycemia	Nitroglycerin	Schizophrenia	Workflow Models
Asthma	Diarrhea	Immune Globulin	Non-compliance	Sedation	Workplace Issues
Atherosclerosis	Disease modifying antirheumatic drugs (DMARDs)	Immunizations	Nonsteroidal Anti-Inflammatory Drugs (NSAIDs)	Sedatives and Hypnotics	Wound Healing
Atrial Fibrillation	Dispensing	Immunology	Noradrenergic Agents	Seizure	Xanthine Oxidase Inhibitors
Atrial Flutter	Diuretics	Immunomodulators	Nuclear	Selective Serotonin Reuptake Inhibitors (SSRI)
